RE: Upcoming Construction at Seth Ventress Building

DATE: May 6, 2009

A contract has been signed for the historic renovation, restoration of the Seth Ventress Building, located at 76 South River Street. Paperwork to begin construction is in process.

Before too long you will begin to see signs of construction work taking place. All construction areas will be clearly marked, with a designated entrance and exit to the building. There will be no impact to the fields behind the Ventress Building.

The Seth Ventress Building Committee is very excited about this upcoming project funded with Community Preservation funds.
